[SPLIT A] [SNAP OBBBA] Trump and Republicans are threatening the food assistance of millions of Americans, including low-income families, pregnant women, and children. After Trump and Republicans already voted to cut SNAP (or food stamps) by almost \$200 billion, they're now keeping the government shut down and have refused to help 42 million hungry Americans afford the food they need to survive.	55%	12	8	3	6	16	67%	9	4.29

[SPENDING] Trump and Republicans are spending money on everything except helping American families. They've announced the spending of \$40 billion on a bailout of Argentina and \$300 million to build a White House ballroom, while cutting taxes for the rich and big corporations by \$4.5 trillion. At the same time, they are keeping the government shut down because they refuse to help with rising health care costs, and instead could strip nearly 5 million of their health insurance and double the cost of health insurance for 22 million Americans.	55%	12	9	4	6	15	67%	9	4.26

[SPLIT B] [SOCIETAL IMPACTS] Trump and Republicans are hurting all of us with the shutdown. Millions of Americans – even servicemembers and veterans – are not receiving their paychecks, and they may never even get the back pay they earned. Millions could lose access to affordable food they need to get by and to the health care they need to avoid the emergency room, which will raise hospital bills for everyone. Without a salary, food, or health care, people could end up in debt or homeless, placing new burdens on society.	54%	13	12	5	3	13	67%	8	4.26

[HEALTH CARE] Trump and Republicans in Congress are using a government shutdown to force through their budget, with massive cuts to Medicaid and the Affordable Care Act. They are pushing to strip 5 million Americans of their health care and more than double health care costs for 22 million Americans by taking away the tax credits millions use to pay for health care.	53%	12	12	4	5	14	65%	9	4.21

Q51. As you may know, dedicated funding for SNAP, or food stamps, has run out because of the government shutdown, meaning 42 million Americans could lose access to food assistance while the government remains shut down. If Trump and Republicans' proposed budget is passed to reopen the government, it will mean 5 million Americans will lose their health care completely and 22 million Americans will see their health care costs double.

If a deal is reached to end the shutdown and fund SNAP for 42 million Americans, but 5 million Americans lose their health care and 22 million Americans see their health care costs double because of Trump and Republicans in Congress' budget...would that leave you with a **favorable or unfavorable view** of how Trump and Republicans in Congress handled the shutdown?
